THIS NEWS RELEASE IS NOT FOR DISTRIBUTION TO UNITED STATES NEWSWIRE SERVICES OR FOR DISSEMINATION IN THE UNITED STATES

March 21, 2022 - Calgary, Alberta - WesCan Energy Corp. (TSXV:WCE) (“WesCan” or the “Company”) is pleased to announce, further to its previously issued press release dated February 14, 2022, that it is close to concluding the previously announced financing of up to \$1 million, consisting of a combination of common shares in the capital of the Corporation (“Common Shares”) at a subscription price of \$0.10 per Common Share and the entering into of a loan transaction (the “Offering”), with the terms of such loan being subject to negotiation and settlement on the material commercial terms of same. It is expected that the mixture of equity and debt being issued will be roughly the same and that the Offering will close on or about the end of the month.

The Common Shares issued under the Offering will be subject to a four-month plus one day hold period from the date of closing. Closing of the Offering and the terms of the Offering, including the commercial terms of any loan that is entered into, is subject to the acceptance and approval of the TSX Venture Exchange.

Proceeds from the Offering will be used primarily for the drilling of a new development well located in the Company’s core area at Provost, Alberta, and general working capital purposes. The Company will also be reviewing production optimization schemes including pipeline enhancements and overall field operational efficiencies at the Company’s wholly owned facilities in anticipation of an increase in production from the results of both existing well repairs and in the event of the successful drilling and completion of the new well.
